- Project _____ Type of experience _____
 Name of Contact _____ Client__ Engineer__ Regulatory Agency__ (Check one)
 Telephone No. _____
 Comments _____

Bonding Company References (Item E):

- Bonding Company Name _____
 Name/Title of Contact _____

Telephone No. _____

Comments _____

2. Bonding Company Name _____

Name/Title of Contact _____

Telephone No. _____

Comments _____

Project Manager's Experience, (Item G):

1. Project _____ Responsibilities _____

Name of Contact _____ Client__ Engineer__ (Check one)

Telephone No. _____

Comments _____

2. Project _____ Responsibilities _____

Name of Contact _____ Client__ Engineer__ (Check one)

Telephone No. _____

Comments _____

Site Superintendent #1 Experience, (Item G):

1. Project _____ Responsibilities _____

Name of Contact _____ Client__ Engineer__ (Check one)

Telephone No. _____

Comments _____

2. Project _____ Responsibilities _____

Name of Contact _____ Client__ Engineer__ (Check one)

Telephone No. _____

Comments _____

Site Superintendent #2 Experience, (Item G):

1. Project _____ Responsibilities _____

Name of Contact _____ Client__ Engineer__ (Check one)

Telephone No. _____

Comments _____

2. Project _____ Responsibilities _____

Name of Contact _____ Client__ Engineer__ (Check one)

Telephone No. _____

Comments _____

**Contract IWM-C7054
CRITERIA SCORING GUIDE**

Criteria and weighing factors for selection are in Section III, paragraph C in the RFQ:

1. Experience and training of the Contractor's program/project manager, site superintendents, and engineers to be used in the work.

20%

- Program Manager...Project Managers...and Site Superintendents resumes as required in Page VIII-II Item G of the SOQ. See submitted resumes.
- Organization Chart and Resumes of Contractor/Subcontractor employees
- Compare proposed key personnel experience with scope of work in Section II of RFQ:
 - Removal and disposal of solid waste,
 - Recycling of materials,
 - Site grading and construction of drainage systems,
 - Construction of earth cover over regraded burn dumps,
 - Construction of earth embankments and placement of fill,
 - Installation of geomembrane and geotextile liners and covers,
 - Installation of erosion control systems and establishment of vegetative cover,
 - Installation of fencing, barriers, and signs, and
 - Identification, removal, and disposal or recycling of hazardous waste encountered during solid waste cleanup.

2. The Contractor and subcontractors experience in the last 5 years in successfully completing projects involving the work of the type listed in the Scope of Work.

20%

- Number of permanent Contractor employees ...Page VIII-2 Item 7 of SOQ (use with Org. Chart)
- Adequate numbers of experienced key personnel (Criteria 1) to ensure continuity of work. Review organization chart.

3. Adequacy and availability of the Contractor and any subcontractor resources to perform items in Section II Scope of work (e.g., geographical locations, appropriate licenses, numbers of personnel and/or equipment, etc.)

15%

- Construction experience and types of projects usually constructed...
- Same type of review as last item in Criteria 2 above
- Types of projects completed in last 5 years...
- Additional information demonstrating contractor's abilities, if submitted

4. Quality and timeliness of Contractor in performing projects. This evaluation will consist primarily of telephone interviews with client contacts. Failure to list current and valid client information in the Statement of Qualifications will adversely affect this weighing factor.

20%

- Check scheduled vs. actual project completion dates
- Ask references listed for personnel listed by Contractor
- Ask bonding company contacts listed.
- Check litigation information.
- Ask contacts if Contractor has been terminated before project completion.

Attachment 3 (continued)

6-4

5. Evaluation of Contractor's financial condition and bonding capability.

10%

- See page VIII-5; see notarized statement from financial institution.

6. Evaluation of Contractor experience with applicable environmental regulations, permitting requirements, State Specifications, and solid waste technology.

15%

- Based on types of projects submitted in the SOQ. Check resumes to see if personnel list experience in the above areas.
